

In operation since 1988, Bidell is a part of the Total Energy Services Inc. group of companies. Bidell is a leading supplier of reciprocating and rotary screw natural gas compressors from 20 to 7800 brake horsepower. In addition to the sales and leasing of skid, NOMAD™ and trailer mounted compressors. Bidell has parts and service centers across Western Canada to meet all our customer's needs.

Bidell Equipment LP is currently seeking to fill the following position:

Job Title: ERP Support Technician
Location: Calgary, AB
Reports to: IT Manager

Purpose:

The **ERP Support Technician** will be responsible for the design, implementation, support and overall management of the internal ERP system.

Key attributes for the successful candidate include:

- Related degree or diploma / or 5 years of related experience
- Solid understanding of business processes and data flow of an ERP system
- Experience with Dynamics SL (version 7 and newer) would be ideal but consideration will be given to candidates with ERP experience (eg. Great Plains)
- Understands databases and has experience in troubleshooting problems
- Excellent communication skills
- Dedication and self motivation with strong attention to detail and accuracy
- Ability to work in a fast paced environment with good organizational skills
- Some basic accounting skills would be an asset

Main Responsibilities and Activities:

- Educate and train employees on Dynamics SL
- Improve quality results by evaluating and upgrading ERP processes
- Creation of documentation by collecting, analyzing and summarizing data and current trends
- Special projects as required

We thank all applicants for their interest however on those applicants selected for interviews will be contacted.

Interested applicants can forward their resume to hr@bidell.com.
